will be in
place!

Richfield KIDS' Reopening Plan - "THE NEXT STEP!"

Beginning Sunday, September 13th at 10:30

1st—6th Graders will meet in Kid Factory!

Children who are 24 months old—Kindergarten will meet in the Preschool Department!

Changes are taking place once again as our Richfield Kids move to the "Next Step" in our Reopening Plan. This stage will be very similar to Sundays before Covid, but with a few exceptions:

- ◆ Children who are **24 months old to Kindergarten** will meet in our newly painted and carpeted age-level rooms within the Preschool Department! There they will participate in Bible lessons, crafts, fun activities, fellowship and more! For the safety of everyone within our care, all leaders and children are asked to please wear a mask, have their temperature taken at Check-in, and sanitize their hands.
- ◆ It will be a jaw-dropping, eye-opening, grin-growing time for our **1st—6th Graders**, as the doors are *finally* opened to our newly finished Kid Factory! This year's "X-treme Kids" will once again take charge of their ministry stations, Bible verses will be tackled, and worship and spiritual growth will soar! As in the Preschool, masks, temperature-taking, and hand-sanitizing will be required.
- ◆ For our little ones who are **younger than 24 months**—please know that we haven't forgotten THEM! As soon as we are able, we will reopen our Nursery to provide the best childcare possible.
- ◆ For those friends who have a fever of 100.4 degrees or higher, a cough, shortness of breath, a sore throat, diarrhea, or those who have been in close contact during the previous 14 days with someone who has tested positive for Covid—unfortunately, those friends will be unable to join us that day, but we DEFINITELY look forward to them returning as soon as they are better!
- ◆ If you have any questions or are able to help with Check-in, teaching, or assisting in a classroom, please feel free to contact Mrs. Joy Burger at 810-348-8915. It is our greatest desire to help children "KNOW Christ, GROW in Christ, and GO for Christ," but we also want to do EVERYTHING we can to maintain the safest environment possible! Thank you for your patience as we navigate towards opening back to our normal scheduling and programming. Thank you!
